WHO IS IDEPSCA?

OUR ROOTS trace back to 1984 when a group of students and parents met in Central Park in the City of Pasadena to confront racism, educational inequalities, and lack of affordable housing. Stories of joy, struggle, and hope became mirrors for our educational and organizing process. This educating and organizing experience, and systematic practice of Popular Education that evolved from it, has given IDEPSCA the tools and methods to successfully work with low-income immigrant workers and other groups committed to solving problems in their own communities.

OUR MISSION is to create a more humane and democratic society by responding to the needs and problems of low-income families through leadership development and educational programs. IDEPSCA empowers community members to share their life experiences and learn from one another to develop creative solutions to transform their own reality. Low-income families are the future leaders and organizers that will support and defend our community's human, civil and labor rights so that future generations can live dignified and just.

ACHIEVEMENTS:

- Developed two worker-owned businesses: multi-cleaning services using non-toxic eco-friendly cleansers that protect the household workers' health and their employers' and a green maintenance service where day laborers use water-wise sustainable landscaping methods and California native plants.
- In 2010 IDEPSCA won the World Summit Award in best Mobile Content for giving voices to those who for centuries were excluded from the word.
- IDEPSCA is the only organization in the nation that operates six worker centers, providing 1,000 jobs per month to low-income Southern California families.

EDUCATING AND ORGANIZING:

Children & Students, Day Laborers, Household Workers, Parents, Street Vendors, Health Promoters, Adult Learners
